

Ford Chassis Manufacturer Warranty

Ford Motor Company New Vehicle Chassis

- Three (3) years/36,000 miles, whichever comes first, for light-duty van chassis, from the date of delivery of the new vehicle or the day it was first put into service
 - Bumper-to-bumper coverage by Ford Motor Company dealers to repair, replace or adjust all parts on the vehicle (except tires) that are defective in factory-supplied materials or workmanship
 - For items not covered by this warranty, see the Ford Motor Company's warranty guide

- Five (5) years/unlimited mileage, whichever comes first
 - Body sheet metal panels against corrosion due to a defect in factory-supplied materials or workmanship. This coverage applies only if the corrosion causes perforation (holes) in body sheet metal panels

- Five (5) years/100,00 miles, whichever comes first
 - 7.3 liter Powerstroke Diesel Engine to cover certain direct injection components against defects in factory-supplied materials or workmanship
 - A \$100 deductible per repair visit will apply after the chassis has been in use for 3 years or 36,000 miles, whichever comes first

- Eight (8) years/80,000 miles, whichever comes first, for certain emission parts
 - Catalytic converter, compuvalve, electronic emissions control unit, onboard emissions diagnostic device, and vehicle communication link (VCL) module for light-duty van chassis (coverage per the Clean Air Act)
 - For items not covered by this warranty, see the Ford Motor Company's warranty guide

Ford Motor Company may deny warranty coverage if the vehicle or part has failed due to abuse, neglect, improper maintenance, unapproved modifications, or any items listed as "not covered" in the Ford Motor Company warranty guide.
