

Tech Tip

BLUE BIRD VISION

POWERED by ROUSH PROPANE

From your friends at New York Bus Sales

Propane “DASH” Poster

Complaint - Recently during visits with customers who have propane units, it was mentioned that while training those drivers who are assigned propane buses is not that difficult, operators have seen issues when others who do not normally drive the units use them as they may not be aware of the starting procedure (O.T.I.S) or have forgotten if they were trained.

Cause - Not having a 100% propane fleet where ALL drivers use the same vehicle!

Correction - Looking at what we had done with respect to driver training and emissions with the poster for drivers' lounges, we came up with one for the propane. Below is a photo of it.....they will be available in the next 2 weeks!

BLUE BIRD PROPANE DASH
